Street Address	
Place of Employment	Crawford & Co
Position	Senoir Casualty Adjuster
Length of residence in Cleveland Heights	3 years
Select the Board or Commission on which you wish to serve.	Parks and Recreation Advisory Board
What special qualities, abilities, skills, insights or perspectives do you possess which would be of value to a City board or commission?	In both my personal and professional lives, I have worked with groups and individuals to accomplished shared goals. I think it is important to define outcomes, explore strategies and evaluate intended and unintended outcomes at the beginning, middle and end of any process.
What educational training (formal or informal), employment and other life experiences have helped you develop the qualities, abilities, etc., described above?	I have been lucky to live in many areas of this state, the country and even outside the US. This give me a different perspective on neighborhood and community to see the best and not so good aspects. In addition, I have a Master's degree in US History which has allowed me to take a longer view of some issues. In my job in insurance, I have had several years of extensive work in the legal field. I can bring this perspective to the benefit of Cleveland Heights.
Please list your recent community, professional or charitable involvements. List the most recent first.	I was a soccer referee instructor for US Soccer. While living in Strongsville, I was involved with the Community Emergency Response Team. I volunteered with the Medina Soccer Association

	as Director of Sponsorship and Vice President.
What are your goals for our community and are there areas in which you believe the City needs improvement? How would your service on a board or commission help achieve those goals and improve the City?	Like many others, I have come to love this neighborhood. I love the diversity, the walkability, the local stores and the history. When I tell people I live in Cleveland Heights, some people say they "used to" live there, but left because of the high taxes. I would like to contribute to make the residents feel they are getting something for their money.
Do you have other responsibilities which would prevent you from participating in board or commission work during certain hours or on certain days?	My job offers me a great deal of flexibility in scheduling.
State any additional information you would like to have considered.	This electronic form only allows me to list only one board, but I have many interests and would be willing to help in any number of capacities the City may need.
Would you like to attach a Resume?	No
